## TO THE TIMES ONLY.

**Meeting of Manitoba Legislature —The Free Press Read Out of the Liberal Party.**

**Expense of Militia Protecting Crossing of C. P. R.—Skipped Out—Sculling Event.**

Special to THE TIMES.]

Winnipeg, Nov. 8—The Manitoba Legislature meets this afternoon at 3 o'clock and promises to be intensely interesting. In the Speech from the Throne His Honor will assign the crisis in railway matters as the reason for calling the House together. It will be suggested that if the present uncertain state of affairs continues between the Provincial and Federal Governments in regard to the railway questions, an appeal will be made to the Queen in Council to have our rights under the British North America Act clearly defined. It is unlikely that any connection will be made of retaliation on the C. P. R.

Interesting developments in connection with the charges made against the ministers by the newspapers are expected.

At a caucus of government members last night a motion was passed declaring the *Free Press* no longer the exponent of Liberal principles.

W. P. Meldrum, book-keeper of Chicago, came here under an assumed name with $4,000 of his employer's money. He managed to spend the greater portion. He was visited by friends who induced him to return and make up the shortage.

A mounted policeman named Cairney was shot in a house of ill-fame at Edmonton. His wounds are serious.

### EASTERN PROVINCES.

**Who Will Pay For the Militia—Skipped From Kingston.**

Special to the TIMES.]

Ottawa, Nov. 8—On enquiring at the Militia Department to-day it was ascertained that a demand would be made upon the corporation of Winnipeg for the expenses incurred in calling out the militia to prevent a riot between the Red River Valley and the C. P. R. employees.

Toronto, Nov. 8—O'Connor, the oarsman, has sent the balance of his deposit, $500, to the New York *Clipper* for his race with Teemer on the 24th inst.

Kingston, Nov. 8—H. S. Remmington, of the produce firm of Remmington & Skeelers, taking advantage of the absence of his partner, Skeelers, in Cowansville, where he had been sent by Remmington to buy butter, and from which place he went to his brother's at St. Albans, has skipped out taking from $4000 to $5000 with him.

### NORTH ARM.

**Methodist Concert—Weather—Game —Threshing Operations, &c.**

North Arm, Nov. 7—The weather for the past week or ten days has been alternately rain and squalling, especially the former. The weather has turned quite cool and white frosts with ice are now of frequent occurrence. A slight hail storm visited us on Sunday evening, but no damage is reported.

A large number of our residents rowed up to Westminster, a distance of 14 miles on Sunday to hear Mr. Moody, the evangelist.

The shrill whistle of the steam thresher is still heard in our midst, but their work for the season is well nigh completed.

Wild geese and ducks are quite plentiful and our sportsmen are now in their glory.

The Methodist concert held in the Town Hall on Tuesday evening was a grand success musically and financially. An interesting programme, consisting of vocal and instrumental music, recitations and readings, was executed in a manner that was both pleasing and instructive, and received hearty applause from the large audience assembled. The door keeper announced the receipts of the evening to be $45, which are to be applied to furnishing the new parsonage now almost completed. The Rev. Mr. Thompson presided in his usual happy style, and all were of one opinion that a pleasant and profitable evening had been spent.

### VANCOUVER INTELLIGENCE.

**Two Inquests—Died in His Cabin—The Maude—Marriage, Etc.**

From Our Own Correspondent.]

Vancouver, Nov. 7—Yesterday afternoon a boy named Willie Carter was severely bitten by a dog in the doorway of the Japanese restaurant, Cordova street.

A startling runaway occurred yesterday on Cambie street. A team with a load of lumber started from the top of the hill near Pender street, and despite the driver's restraining influence, dashed down the street and landed in the ditch at the corner of Hastings and Cambie streets. The waggon struck an electric light pole, breaking the pole and perch and sending the lumber forward upon the horses. The driver jumped before the collision took place, and escaped without injury, as did also the horses, though they must have been badly shaken up.

After hearing the evidence of Charlie Phillips, the nightwatchman at Hastings mill, the jury in the case of the Indian woman who was found drowned in the Inlet Sunday afternoon returned the following verdict: "The jury find that the Indian woman Chack-wha-Secus came to her death by some cause unknown."

The inquest on the body of Shepperd, which was found hanging in his cabin yesterday morning, was adjourned until two o'clock this afternoon.

Yesterday afternoon a Welshman named Lewis, and familiarly known among his acquaintances as "Shorty," was found dead in his cabin near False Creek. Officer Heywood was detailed to make investigations, and from the circumstances it appeared that the man, who was about 35 years of age, had died in a fit to which he was subject. He had at all events fallen against the stove, which was upset. In his hand was a frying pan which he had likely been about to use for culinary purposes. From appearances death had occurred several days previous. An inquest will be held this afternoon.

Last evening the Pacific was the scene of a very auspicious event in the matrimonial alliance of Mr. C. McGillvary, C. P. R. foreman at Lytton, to Miss M. Richardson, of the same place, but lately of Liverpool, England. The Rev. T. G. Thomson performed the solemn ceremony, after which the party sat down to a feast prepared for the occasion. Mr. and Mrs. McGillvary remain here until Saturday, when they leave for Lytton, where they intend to abide.

The Yosemite had on board this morning the Steward and Mr. Thos. Kennedy, engineer of the steamer Maude, whom she picked up in a rowboat near Plumper's Pass. About seven o'clock last evening the Maude, with a full cargo of coal from Nanaimo for the Albion Iron Works at Victoria, was running with the tide at a full head of steam, and in the darkness struck upon the rugged rocks of the Twin Islands. The steamer immediately began to make water, and in a few minutes heeled over, when all her deck load rolled off into the sea. The engineer and steward started for Victoria in the row boat, and after rowing for about seven miles fell in with the Yosemite and were taken on board.

The examinations of the medical society of British Columbia were held in Dr. McGuigan's office yesterday, Dr. Milne, of Victoria, presiding. There were five candidates.

Dr. Milne left for Victoria to-day.

### THE MARKETS.

**The Present Ruling Prices for Principal Staples.**

Victoria, Nov. 8th, 1888.—The wholesale market in liquors and groceries is firm and the demand steady. Provisions and farm produce supply meets the demand which is considerable. Manitoba flour supply has almost ceased, owing to the high prevailing eastern prices; B. C. Premier flour is in large demand.

City Retail Markets: Beef, best cuts, 12½c to 15c; boiling 8 to 10c; mutton, 15c; chicken $4.50 to $5 per dozen. Island apples, $1.25 per box; pears, 2c to 3c per pound; squash, 4c per lb; cabbages 1c per lb; mushrooms, 25c per lb; potatoes, best, 1c per lb; cranberries, 25c per quart; carrots, 75c per 100 lbs; venison, 5c to 10c per lb; grouse, 60c to 75c per pair; wild duck 50c to 60c per pair; fresh salmon, 8c; spring ditto, 18c per lb; smoked, ditto, 15c per lb; halibut, 8c per lb; butter 50c per lb; flour Oregon, $5.90 to $6.15 per bbl; B. C. Premier, $6.15 per bl; oat meal, $3.50 per 100 lbs; corn meal $3 per 100 lbs. Pearl barley, 5c per per lb; split peas, 5c per lb; oats, $20 to $22.50 per ton; bran, $23 per ton; shorts, $28 per ton, chop, $30 per ton; hay, $20 per ton; straw $1.25 per bale; wood, $3.50 to $4 per cord; coal, $10 per ton.

### AUDITORS' REPORT.

TO THE EDITOR OF THE TIMES:

SIR:—The Auditors' report, presented to the Board of Aldermen last night, undoubtedly contains some valuable suggestions and recommendations for the proper conduct of the city's business. There are some, however, which it would be unwise to adopt without full consideration. While all pay rolls should be made out on a printed form, and certified by the head of the department in which the work has been performed, it does not seem to me equally clear and judicious that the Treasurer should pay the amount of each roll to this same head of department. If this were done neither the Treasurer nor the Finance Committee would have any proper check upon the expenditure. It would be possible for the head of department, having men at work in different parts of the city to insert a number of names of men who had done no actual work upon the pay roll and getting the amounts credited to them included in his check for the bulk sum of the pay roll, afterwards or get bogus receipts to account for the disbursements. The Treasurer or his representative should personally see every man whose name was included in the roll certified by the head of the department. This would not, of course, prevent a check being drawn for the whole amount of the pay roll, and cash itself paid the men to avoid giving too much trouble. Why, further, should not an arrangement be made with the city's bankers by which all payments by the Treasurer, of whatever amount, should be made by check, and not by cash.

Yours, etc, T.

**New Real Estate Agency.**

Mr. Frank Richards, Jr., has opened a real estate and financial agency at No. 51 Yates street, next door to the Poodle Dog restaurant. Mr. Richards will also take up the business of notary public, insurance, land conveyancing, &c., and from his long experience with the public in the Lands and Works office is well fitted for the work. He is also very popular, knows everyone in the country and every part of the country itself, and will therefore be in a position to give reliable information to parties looking for investments. The Manufacturers' Life Insurance Company of Canada, of which Sir John Macdonald is president, has appointed him their agent for the province.

**Fat Business.**

Chicago *Herald:* Five years ago Emma Abbott bought a piece of real estate in Denver and put up "The Abbott Block." Since then the value of the property has quadrupled. Emma is now worth three quarters of a million of dollars and it is invested so that it brings her in over 10 per cent. Her income from her rents is about $75,000 a year and she adds nearly $50,000 to that as the profit from her season's work. It has been claimed that she is getting too fat for symmetry, but who wouldn't get fat with such results to contemplate. When she was a country school teacher in Peoria county and had to walk ten miles into the city every Saturday night she was thin enough.

**A Splendid Opportunity.**

At the last meeting of the Y. P. L. A. of the First Presbyterian Church, it was decided to form a singing class to meet in the school room every Friday evening during the winter months from 7:30 to 8:30 o'clock. Mr. Brown was appointed conductor and will give a thorough course of instructions commencing with the rudiments of music. The fees have been placed at the low figure of 50 cents per month. All who desire to become acquainted with vocal music should attend the first meeting of the class which takes place to-morrow evening.

**From the North.**

The steamer Nell arrived from Rivers Inlet with 800 barrels of salmon for Henry Saunders. J. Cunningham and J. McLachlin were passengers. The steamer encountered boisterous weather and brings no further reports from the wreck of the Cariboo Fly which was passed during the night.

**Marine Notes.**

San Francisco, Nov. 8—Arrived, steamships Parthia and San Pedro.

## REPUBLICAN VICTORY.

**Harrison Believed to be Elected and New York and Indiana Give Him Pluralities.**

**Contradictory Telegrams—Democrats Still Hopeful—Haytian Revolution.**

San Francisco, Nov. 8—Eight hundred and seventy precincts, out of 1700 in California, give Harrison 93,713; Cleveland, 85,878. The first, second and fourth congressional districts are still doubtful. The third, fifth and sixth are Republican. Returns of members to the legislature remain incomplete but enough has already been received to indicate that the Republicans have carried both branches. For Chief Justice of the Supreme Court, W. H. Beatly (Rep.); and for Associate Justice, J. D. Wake (Rep.) are undoubtedly elected.

San Francisco, Nov. 8—Returns this morning confirm Harrison's election. He has carried every State carried by Blaine four years ago and in addition has gained Indiana and New York. Cleveland has the 1357 electoral votes of the solid south with that of Connecticut and of New Jersey. In this State (California) returns while incomplete clearly show a Republican victory.

New York, Nov. 8—Shortly before 12 o'clock to-night the vote of all the counties in the state showed Harrison's plurality to be 11,191. When the news was brought to Chairman Brice he immediately conceded the republican victory. Seventeen states were then counted in the republican column, thus giving the republican candidate electoral votes and to spare.

Tacoma, Nov. 8—M. McPherson, in charge of the republican congressional campaign committee, estimates that according to complete returns the republicans have surely a majority of not less than 17 in the next house of representatives. These figures may be increased to nearly 25.

From later returns indications point to the defeat of Wilson of West Virginia and Breckenridge of Arkansas, both members of the democratic ways and means committee.

Later specials to Mr. McPherson state that the republicans have carried the legislature of West Virginia, thereby securing a working majority in the state.

San Francisco, Nov. 8—Less than three thousand votes remained to be counted in the city at 1 p. m. to-day. Up to that hour Cleveland led Harrison by only 3,269. Harrison's majority in the state will probably be in the neighborhood of 5,000.

Indianapolis, Ind.—Harrison's majority in Indiana will not be less than 3000 and probably 5000. The state tickets is elected by same majority.

LAST NIGHT'S REPORT.

New York, Nov. 7.—There is no question but that the two states upon which the contest depended have gone Republican. New York is conceded to the Republicans by 14,000 majority and Indiana by 2,000.

Chicago—The city has gone Democratic, but the state will give the Republicans 19,000 majority.

Boston—The city is democratic but the state is Republican by 27,593.

St. Louis—Missouri will give Cleveland a majority of 30,000.

Indianapolis—The democrats carried the city by a good majority, but Harrison carries the state.

Milwaukee—The state of Wisconsin is republican by 20,000.

Raleigh—Returns from half the precincts in North Carolina show a democratic gain of 250. The legislature is democratic by 30.

San Francisco—Pond (dem.) for mayor is elected, and the whole democratic ticket for the city. The city is claimed for Cleveland by 5000. Harrison has polled a smaller vote than was expected will likely have only 2000 majority.

San Francisco—Forty-two out of 1,172 precincts in Nevada give Harrison 3,147, Cleveland 2,534. In 1884 these precincts gave Blaine 3,166, Cleveland 2,534.

Hartford — Complete returns give Cleveland 74,904; Harrison 74,519; Fisk 4,182. Cleveland's plurality, 385.

Harrison's majority in Pennsylvania is 65,956.

The Democratic majority in Tennessee is 10,000.

Michigan has gone Republican by from 15,000 to 18,000 plurality.

Iowa gives a Republican majority of 30,000.

Rhode Island gives a Republican majority of 3,196.

Virginia has gone Democratic by 10,500.

New York, Nov. 7—Midnight—Chairman Brice of the National Democratic Committee, concedes Harrison's election.

New York—Chairman Quay of the Republican National Committee, authorizes the following statement: "The Republicans on Tuesday carried by increased majorities all the States that were carried by Blaine in 1884, and in addition New York and Indiana. Harrison's election is assured.

DESTROYED BY FIRE.

Vacaville, Cal., Nov. 8—A fire which started in a large livery stable early this morning destroyed a block of business houses. The loss will reach nearly a hundred and fifty thousand dollars.

APPEAL TO THE THRONE.

Winnipeg, Nov. 8—The militia has been recalled from the front and the prospect is that no serious trouble will occur for the present. The Legislature will meet to-day when the Governor will propose an appeal to the throne in consequence of the arbitration of Federal Government.

HARRISON'S CONGRATULATIONS.

New York, Nov. 8—Senator Quay, of the Republican National Committee has received the following from General Harrison; "Accept my heartiest congratulation. I owe my success in a great measure to your untiring efforts."

BLESSING IN DISGUISE.

Ottawa, Nov. 8.—The *Journal* says: "It may be that the Republican victory saves Canada from immediate trouble. The Democrats were committed to the retaliation principle to say nothing of the embroilment of the Democratic executive with Great Britain by the Sackville business. That very little friction might have necessitated Cleveland's enforcement of his retaliation boast. We do not think that the Republicans are any more friendly than the Democrats nor even so much so, but they at least can enter into fresh negotiations with Great Britain or Canada without going back on any official record."

HE KNEW IT.

Rhinecliff, Nov. 8—Hon. Levi P. Morton, Vice-President elect, said last night that he felt sanguine all through the campaign. He based his hopeful feeling on the harmony that prevailed in the ranks of his party throughout the country and upon the principle of protection which was the king bee of the Republican platform.

BEATEN TO DEATH.

Los Angeles, Nov. 8—Wm. Slack, a railroad laborer while sleeping yesterday afternoon was beaten to death by Wm. Lannagan. There was no provacation for the crime. Lannagan was drunk at the time.

HOTEL BURNED.

Los Angeles, Cal., Nov. 8—The large fine hotel at Long Beach, about 22 miles from this city, caught fire from a defective flue in the kitchen, at midnight, and was totally destroyed with nearly all the costly furniture. Loss, $90,000; insurance, $45,000.

LIVERPOOL CUP.

London, Nov. 8—The Liverpool cup at the Liverpool meeting was won by Lady Rosebury.

HAYTIAN REVOLUTION.

New York, Nov. 8—A cable dispatch received from Hayti states that Jacmiel, one of the insurgent towns of Hayti, has been occupied by a government force and the blockade of the port has been raised.

ANARCHISTS CANNOT MARCH.

Chicago, Nov. 8—The Chief of Police, acting under the Mayor's instructions, to-day notified the friends of the executed anarchists that they would not be permitted to parade on the 11th.

YELLOW FEVER.

San Francisco, Nov. 8—Mayor Pond has received the following telegram from Mayor Brown, of Gainesville, Florida: "We have had sixty cases of yellow fever up to date. Eight new cases to-day; six white and two colored, and one death; we are feeding over 1,000 people. Can you help us?"

WISCONSIN REPUBLICAN.

Milwaukee, Wis., Nov. 8—No possible doubt but Wisconsin has gone Republican by 18,000 majority. Returns this morning from 34 out of 47 counties in the State show Republican gains of 33 per cent. over the vote of 1884.

FATAL COLLISION.

Newburg, N. Y., Nov. 8—A passenger and freight train collided on the New York, at Fishkill this morning. One passenger was killed and three wounded.

DWINDLING AWAY.

New York, Nov. 8—In regard to the congressional situation the *World* to-day says: "In congress as well as the Presidency lost. As belated returns from congressional districts come in complete the next house grows more and more doubtful. This is the most important and interesting of questions of the campaign yet undecided. It is possible that the Republicans may have control of the Fifth-first Congress. The Democratic majority is dwindling away.

SCARING THE OTTERS.

Washington, Nov. 8—The Treasury Department has instructed the Collector of Customs at Sitka to complain to the Governor of Alaska of white hunters shooting otters and scaring them out to sea and beyond the reach of the natives, as the law only permits natives to hunt and kill them.

ATTEND A CABINET MEETING.

Washington, Nov. 8—The President came up from Oak View this morning to attend a cabinet meeting. There were present Secretaries Bayard, Whitney and Assistant Secretary Maynard and Attorney General Garland. The proceedings are not given to the public.

### NEW WESTMINSTER NOTES.

**Affecting Scene at D. L. Moody's Farewell Meeting—Burglaries.**

Special to THE TIMES.]

New Westminster, Nov. 8—Dwight L. Moody preached his farewell sermon this morning to a large and sympathetic audience. He took the subject for his discourse from the 15th chap. 1st Corinthians: "Resurrection of the Body." The services were very impressive. The scene at the conclusion was affecting. When the evangelist bade the assemblage goodbye there was scarcely a dry eye in the church. He left at noon for Vancouver en route to Port Townsend.

Last night a daring burglary was committed at the Royal City Planing Mills. The thieves having effected an entrance to the store, carried away with them $500 worth of goods. They also effected an entrance into McRae's tailoring establishment and carried off a quantity of goods.

The bark Newsboy was towed to sea at noon to-day. She takes a cargo of lumber for Sydney, Australia.

**"Cariboo" Cameron Dead.**

John A. Cameron, better known as "Cariboo Cameron," died at Barkerville yesterday morning. The sad news was received by telegraph this morning by A. R. C. Cameron. He left this city two months ago. He was an old pioneer of the province and arrived in this city in the year 1860. He was one of the first men to enter the gold fields of Cariboo and secured a large fortune in the mines. He then left for Eastern Canada and lost nearly the whole of his fortune in commercial speculation. He returned to B.C., intending to again try his fortune in the gold fields. Deceased was over 60 years of age and leaves a wife to mourn his loss. Cariboo Cameron was well known and respected from one end of Canada to the other and his relatives will receive the sympathy of the community in their loss.

### SPORTING NOTES.

The following will comprise the team to play the New Westminster football club on Beacon Hill on Saturday Nov. 10th, at 3 p. m., J W Sinclair, W Fisher, B Drake, E Grant, Kenning, Clarke, Martin, L Crease, W H Langley, Pugh, F Pemberton, P Hibben, F Robson, J Earsman, Kennedy and Allison.

**Mr. Geo. Woodford**

Will speak to-night in the Pandora St. Methodist Church. Mr. Woodford is a reclaimed drunkard and speaks right to the heart. Every drinking man in Victoria should hear him.

—For the largest and best assortment of FURNITURE, CARPETS, CROCKERY, GLASSWARE, LAMPS, &c., go to J. SEHL, Government Street, where you are sure to get suited in style, quality and lowest prices.

## AN APOSTATE'S BLUFF.

However much we might feel inclined to reply to the abusive editorial in the Vancouver World of Monday last, we frankly confess our inability to answer our misguided contemporary according to his folly. And as we cannot reply to the tirade in such a manner as to be appreciated and understood by that journal without descending to the plane upon which it has taken its stand, we prefer that the World should continue to imagine that THE TIMES has been overwhelmed by its vulgarity rather than this journal should imitate the school school boy example set it of "making faces" across the Gulf of Georgia. An item of four or five lines in THE TIMES of a recent date, announcing the incorporation of the Conservative World by Messrs. MCLAGAN, O'BRIEN and GUNN, three Liberals, was the ostensible foundation for a half-column of what may be described as successful literary scavenging, but very improper and indecent editorial writing. In addition to that announcement, which was published as a news item, the words, "no explanations required" were appended. This was the sum and substance of our offending. There may, of course, be other causes for our contemporary's virulent personal attack, but if there are he has not had the manliness to state them and thereby escape from the charge of degrading journalism in a futile effort to injure a contemporary that —even in the face of his apostacy—wishes him success in his business enterprise.

But although we will not answer our contemporary in kind, we refuse to permit a few of its more important misrepresentations to go uncontradicted. It is untrue, for instance, that previous to the publication of the World, a writer on this journal "transgressed the bounds of journalistic propriety in connection with the names of those who were to be charged with its management." The charge is manufactured for the occasion, and has no foundation in fact. We demand the proof, or, failing that, the retraction that an honorable man will not fail to offer.

It is untrue that Mr. JOHN GRANT, M. P. P., who is said by the World to be "the owner and controller of THE TIMES," is a dyed-in-the-wool Tory. No person knows better than the controllers of the new Tory organ at Vancouver that Mr. GRANT when in Eastern Canada was a Liberal, and although he has supported the government of Sir JOHN A. MACDONALD since coming to British Columbia, and for reasons different to those that influenced our contemporary in abandoning the professions of a lifetime, he has not thereby endorsed all the principles of the Tory party, as his maligners seem to have done. Even Liberals will admit that there was a time when British Columbians were justified in forgetting old party predilections, in order that they might stand together for the common cause of the province. Mr. GRANT supported the railway policy of the Conservatives when there was a reason for his doing so, and when it would have been treason to his adopted province to have done otherwise. But now, many years after that occasion has passed, and at a time when Liberals liberal-minded conservatives are becoming dissatisfied with the general policy of the Tory Government, the promoters of the World suddenly become Tory advocates and apologists. The public has not been favored with the reason for this remarkable conversion. As there has been no sudden change in the policy of the two parties, it is impossible to come to any other conclusion than that the conductors of the World have been bought in the open market and for a consideration not worth speaking about.

It will give our readers some conception of the "style" adopted by the World in it onslaught upon THE TIMES, if we mention that the article is headed "Hypocrisy Unmasked," and that a perusal of the extraordinary production demonstrates the fact that the title is quite as appropriate to the context as it is to the unduly excited writer. It is replete with such expressions as "ignorance and arrogance," "growler and falsifier," "callous and indiscreet," "dense stupid individuals" and "Janus-faced hypocrites." These are strong expressions but they count for nothing more than, being samples of what is in reserve, they indicate that the utmost license of vulgarity in newspaper writing will be resorted to now and then by our mistaken and unfortunate contemporary. Apostates always run to the opposite extreme and abuse the bridge that has carried them over. But they do not thereby deceive any person but themselves.

## PRESENT STATE OF IRELAND.

According to the recent speeches of the Lord Lieutenant and the Chief Secretary of Ireland, who are not, it must be confessed, impartial authorities, the policy of coercion in Ireland has been successful. The latter gentleman, according to his own showing, floats above all the criticism and charges brought against himself and his administration by his accusers, from Mr. GLADSTONE down to Mr. O'BRIEN. Sir MICHAEL HICKS-BEACH backs up his colleagues, and states that coercion is merely the alternative for the collapse of the law through failure under the jury system, which if acquiesced in would have led ultimately to anarchy. He supports his contention that these alleged invasions of liberty have rescued thousands of the Queen's Irish subjects from the most intolerable and inhuman oppression—boycotting. Sir MICHAEL agrees that government reforms are greatly needed in Ireland, and proposes that the departments at Dublin Castle be placed each under a chief directly responsible to the House of Commons, and not as at present under an overworked Chief Secretary. This proposition, it is admitted, would be resisted by the whole body of the separatists, and before being attempted the entire support of the Liberal Unionists must be secured. Under this change Ireland would not only have one English official governing at Dublin Castle, as at present, but some four or five. Would the creation of these salaried Irish officers, to be filled by English members of the House of Commons—for under existing circumstances it were impossible to have it otherwise—be satisfactory to the people of Ireland? There has been always a hatred of what is called "Castle rule" in Ireland. Propositions have been made to do away with it, and now instead of wiping it out altogether, we are told it is going to be increased. Sir MICHAEL HICKS-BEACH would also indefinitely postpone the extension to Ireland of the benefits of the newly enacted Local Government Act. In other words, the Right Honorable gentleman does not think the Irish are ready for local self-government, and instances in support the abuses of corporation and poor law boards of guardians. The right key, however, is struck when Sir MICHAEL HICKS-BEACH says that the root of all the Irish discontent lies in the agrarian question, and till this all-important subject is settled satisfactorily to the Irish people we cannot look for quietude. The land has been the crying evil of the country from the time of the settlement of the first English pale, was intensified by wholesale confiscations from time to time, and outraged by the plantation of Ulster. So long as the land question remains unsettled, so long will there be cause for agitation and the trade of the agitator.

## A BRITISH ZOLLVEREIN.

The British Union Society lately formed in England, having for its object an agitation for such a readjustment of Imperial fiscal arrangements as shall prevent the products of foreign states from unfairly competing with those of British labor in British markets, appears to be a substitute for the fair trade party. Its inception in Manchester, the birthplace of free trade, is rather a significant feature. From a correspondence which has taken place between Mr. J. A. FROUDE, the author of "Oceana," and the Secretary, accepting the nomination of Vice-President, we learn that he considers the aims of the new society in a light as favorable to the object of the Imperial Federation league; and a means of paving the way for such a commercial federation of Great Britain and her colonies, by preferential customs duties, as may secure the nearest approach to free trade within the Empire that may be compatible with the exigencies of the respective independent governments constituting the federation. Fears are expressed of opposition from the adherents of free trade amongst the home politicians. It would appear, however, that some practical men of business have every confidence in being ultimately enabled to carry the agitation to a successful issue. Mr. FROUDE is an authority on the feelings, wants and requirements of the colonies, and thinks that they will hold aloof from any political union so long as the Empire does not offer some practical inducements. This belief is well founded. If some commercial advantage were offered to colonial productions in the home markets over those of foreign countries much would be accomplished towards the aim of Imperial Federation. The colonies hold that self-interest, the first law of nature, stands ahead of sentiment, no matter how deep rooted that sentiment may be. A substantial inducement is a long way ahead of a sentimental one. As for Canada, backed by the advantages of a tariff in favor of her productions, the advantages would be material in her competition with foreign countries in the home markets, which may be considered, in a measure, the markets of the world. Mr. FROUDE remarks and with a show of truth that: "It is as sure as the multiplication table that if we do not offer Canada such a union the Americans will, and the Canadian Dominion will be practically lost to us."

By the closing of Hamburg as a "free port" a blow is aimed by German at the commercial supremacy of Britain. The British manufacturers see in the move an attempt to oust them in the markets of the continent, of which Hamburg has been always considered the emporium. It was the last of the "German free ports."

## EDITORIAL NOTE.

The Legislative Council of New Brunswick has become such a drag upon the province that it is seriously proposed that it be allowed to die out. The suggestion is simply this, that as the seats become vacant they remain unfilled until there is no quorum, when the Council will be unable to meet. There is novelty in the idea, but it is to be feared that there is also danger. All legislation must be ratified by the Council, and if the Council be allowed to disappear there can be no ratification, and consequently no legislation. What is really wanted is the appointment to the Council of men who will vote for its abolition. But it is difficult to find such men. Candidates for a seat will promise to vote for abolition; but when they are comfortly numbered among the local peers they forget the pledge and vote the other way. It would appear they find out the value of the Council when they get into it. Certainly only those who belong to it can appreciate its worth

**300 Miles an Hour.**

Three hundred miles an hour is the proposed speed for the electric postal railroad of the future. An experimental line has been erected at Laurel, twenty miles from Baltimore. A compromise between the pneumatic tube and the ordinary railroad carries a miniature train of two cars, solely for mails and light parcels, without any attendance. The road has three rails, one above the car for carrying the current, and two below, which carry the cars. The cars are built of sheet iron and are two feet square and twenty-one feet long. Speed will be regulated and power of brakes applied by electricity solely. If the experiment at Laurel succeeds, it is stated that similar roads will be laid between Baltimore and Washington and elsewhere.

## CITY COUNCIL.

### Electric Light—Street Railways—Auditors' Report.

The regular weekly meeting of the City Aldermen took place last night. Present, His Worship Mayor Grant, Ald. Powell, Kelly, Wilson, Vigelius, Harris, Penwill and Braden.

Minutes of a special meeting held on Saturday evening read and adopted.

COMMUNICATIONS.

From T. M. Jones applying for permission to use a portion of Douglas street for building purposes. Granted.

From W. K. Bull informing the council that he will collect retail trade licenses at the rate of 5 per cent. Referred to the Finance Committee with power to act.

His Worship said all licenses should be paid before the 30th November if the parties wish to vote at the forthcoming election.

From F. G. Walker informing the Council that Mr. Griffiths handed him a bill for collection for services as auditor amounting to $150, less $60 paid on account.

The acting clerk said he notified Mr. Griffiths that the Council did not feel satisfied that he was entitled to any moneys.

A motion was carried that the communication be received and referred to the Finance Committee and Legal Adviser.

From W. Haynes, for permission to remove a quantity of earth on Vancouver street. Referred to Street Committee.

From Mrs. Mary Hodge, calling attention to the nuisance caused by a leakage of the water pipes which floods the cellar on her premises at the corner of Douglas and Pandora streets.

Ald. Vigelius said the Chief Engineer promised to have the cellar pumped out to-morrow morning.

Referred to the Street Committee to report.

From Eberts & Taylor, stating that they received a letter from the Guarantee Company re the $2,000 due by the Company to the Corporation through the defalcation of Thomas Russell.

From the Western Electric Company and stating that they would like to receive some orders from this city.

Ald. Braden said he would like to have something done to furnish proper light for these dark nights. It was not proper to have the city in darkness and he would almost be in favor of returning to the old system of lighting by gas.

Ald. Harris said the committee intended to send in a report. The engineer or anyone connected with the electric lighting were not to blame. The dynamos were defective and it would cost a large amount to place the lights in proper repair.

Ald. Kelly said the light at the corner of Yates and Blanchard street was not in order for two weeks past.

His Worship said he had looked into the matter and found that this city needed an additional dynamo which would cost $1500.

Ald. Vigelius said a new dynamo would furnish 60 additional lights and would cost $1500. The fault for the defective condition of the lights was through the dynamos burning out.

From Joseph Smith, asking the Council to grant him two lots for the lots owned by him and given to some other persons. Referred to the Cemetery Committee.

From Willis Bond, calling attention to the building by-law which was a hardship as it included the whole city instead of the fire limits. Referred to Street Committee to report.

From Griffiths, Hoyt & Co., acknowledging receipt of communication and enclosing invoice for iron pipes. Received and filed.

ACCOUNTS.

For the month of October amounting, amounting to $5152.68, were read and referred to the Finance Committee, to be paid if found correct.

His Worship suggested that the Council should call in all accounts as soon as possible.

PETITIONS.

From twenty-four residents on Vancouver street calling attention to a nuisance on the street. Referred to the Street Committee with power to act.

From twenty-four residents of Cadboro Bay road asking that the name of Fort street from Joseph Heywood's house to the city limits be changed from Fort street to Chestnut avenue.

Ald. Harris said he did not think the corporation can change the name of the street.

Referred to Street Committee.

REPORTS.

Ald. Harris handed in an agreement between the Corporation and J. D. Warren, on behalf of the electric street railway company for the construction of tramways through the streets of Victoria. The agreement provides for a franchise of 50 years during which period the company agrees to lay tracks, erect poles, string wires and run tramcars through certain streets. The franchise will not convey exclusive rights nor do the company ask for a subsidy or bonus. The maximum fare is to be five cents. The company is bound to restore streets where tracks are laid and are further bound to maintain their lines and cars in a good state of efficiency and repair. The report was received and referred to the City Barristers.

From the Police Committee recommending the purchase of a number of articles for the superintendent's office and police barracks. Report received and adopted.

From the Chief Engineer of the Fire Department requesting that hydrants be placed in various portions of the city to replace the old hydrants which caused considerable delay at a fire.

Ald. Vigelius said this was a question which should receive immediate attention. The lives and property of the citizens were of more consequence than the expenditure of a sum such as this work would cost.

Ald. Braden said he quite agreed with the placing of new hydrants where necessary and the life of one citizen was of more consequence than the expenditure asked for.

A motion to refer the communication to the Fire Wardens with power to act was carried.

Mr. Partridge said he had a communication which he could not read. He was of the opinion that it was a report from the auditors.

Ald. Vigelius was in favor of referring the report to the auditors to be written out in a readable manner.

The new City Clerk then undertook to decipher the report. With considerable difficulty he read the report which was received and referred to the Finance Committee.

The Street Committee presented a report recommending that Johnson street, in front of E. G. Prior & Co.'s new building, be macadamized.

In reference to the opening of upper Pandora street, the committee recommended that the petitioners be notified that they should communicate with the officers of the Royal Hospital and afterwards with the Council who would then consider their petition. The report was on motion received and adopted.

MISCELLANEOUS.

Ald. Penwill moved that a notice be inserted in the newspapers informing consumers of water that those in arrear will be cut off after Dec. 1st, unless the accounts are paid.

Ald. Harris gave notice of motion to amend the Consolidated Officers Remuneration By-law.

His Worship said he wished to bring up a letter received from Mr. Hamley regarding a fine imposed on a Chinaman. The customs authorities claimed the amount. Referred to the Finance Committee.

Council adjourned until Saturday evening when the Consolidated By-laws will be read.

## AUDITOR'S REPORT.

### Recommendations—Separate Rolls—Valuation of City Property.

VICTORIA, B. C., 5th Nov., 1888.

To His Worship the Mayor and Board of Aldermen, Victoria, B. C.:

GENTLEMEN,—Having posted and audited the books of the Corporation to the 30th September, we now beg to make our final report, embodying as requested by your Finance Committee, several recommendations for the future conduct of the city business.

We recommend that the present system be maintained, as by careful attention to detail, and an efficient audit, we think it will be ample for the work required. Assessment roll for 1888 is finished and handed to the Treasurer. As mentioned in our last report no improvements for 1888 are included; it would be well for the Assessor, immediately after the new year, to make a list of all improvements to be incorporated in the roll of 1889. All arrears should be carried forward as they stand on the 31st December in each year. Separate rolls should be kept and headed in the same manner as real estate, for licenses wholesale, retail (liquor) houses, fire insurance and water rates.

Trades Licenses—No roll having been kept there is no way of arriving at arrears. We would recommend waiting till the end of the year before compiling a new roll. The same holds good as to water rates, and we append a form which we think would answer for the latter and would show how each consumer's account stands.

It might be well for you to consider on the advisability of having an outside collector for trades' licenses other than liquor, wholesale and fire insurance. There appears to be a number of traders who neglect paying until applied to, and we think the collections would be materially increased as parties are too much scattered to admit of the Treasurer calling in person.

Regular printed receipts should be used for every department. At present fire insurance, dog tax and sundries are all on one form (a simple unofficial receipt.) We would recommend a separate form for fire insurance and dog tax, and one to cover sundry amounts, such as street lines, house moving, corporate seal, &c., also that each department use its own particular form, and not mix up road tax and real estate, liquor and general licenses, as has been the case on several former occasions. All blank receipts to be in the custody of the Auditor, and to be by him issued to the various collectors, who must account or pay for every receipt issued to them and return counterfoils to the Auditor.

We enclose form to be used by sub-collectors in making returns. Returns should be made whenever the amount equals $50, and in every case settlement in full to be made on the last day of every month. Butts of all receipts to be produced to the Auditor to enable him to check payments.

We enclose a form of official voucher to be used exclusively, the present receipt books and orders to be done away with. All vouchers to be made out in duplicate, and after being certified by party ordering, or authorizing the service, to be handed to the Auditor, and by him checked as to calculations, casting, &c., and as to whether the appropriation has been exceeded. One copy to be retained by him, the other sent to the Council, passed by them and, referred to the Finance Committee for their approval, and finally handed to the Treasurer for payment, and by him numbered consecutively and filed away monthly. No accounts to be accepted except on these vouchers, which may be furnished free by the city.

All pay rolls to be made out on a printed form, such as enclosed. We would recommend the Treasurer paying by check the amount of each roll to the head of the department, taking his voucher for the same, and the latter disbursing to the men, producing to the auditor each man's receipt.

We would strongly recommend, as mentioned in our first report, that a valuation be made of the corporation property before the end of the year, so that the balance sheet at 1st January, 1889, may be a true exhibit, and not, as formerly, a list of ledger balances.

We would also suggest that an account be opened in the ledger with each contractor, the City Clerk to furnish the Auditor with details of each contract as soon as signed. Also that separate bank accounts be opened for all amounts borrowed on debentures, and that a proper record be kept of the debentures themselves, as also the dates on which the various payments to sinking funds and interest are due.

Also that all amounts over $10 to be paid by check.

Finally we strongly recommend that as early as possible in each year, an appropriation by-law be passed, stating the estimated expenditure under each department, against which the Auditor will issue vouchers, and on any appropriation being exhausted, a further amount to be voted by the Council, before any more payments can be made.

Many of the above suggestions arise out of general principles, and will be susceptible of modification, elaboration or improvement as exigency may present itself with practice.

There are few recommendations or suggestions in addition to the above on which the auditors have not agreed, and are therefore not presented.

We have the honor to be your obedient servants,

(Signed.)

## OPINION OF THE PRESS.

### What the London Dailies have to Say About Cleveland.

The *Times* says: "Though Mr. Cleveland's internal policy has been more remarkable for capacity and uprightness than anything to which the Republicans can point in recent years, we cannot regret the event which may be regarded as an appropriate penalty for subservience to the meanest influences in American politics. We are sincerely sorry, however, that the change involves the retirement of Minister Phelps."

The *Standard* says: "There was no more absurd fiction than that alleging that British gold had been used lavishly to defeat Blaine and his nominal leader Harrison, or that the English are mortified at the overthrow of Cleveland. Of all people in the world we have the least reason to be grateful to Cleveland."

London, Nov. 7—Concerning the American Presidential election, the *Daily News* says: "Republicans who revolted a few years ago have merely returned to their allegiance. Though Mr. Cleveland's administration has been dignified and successful, it can hardly be said that he has opened the new era in American politics proclaimed for him."

The *Telegraph* says: "Slight interest has been taken here in the election. Englishmen have wished well of the democrats, but recent events have shown six of one and half a dozen of the other."

The *Chronicle* says: "It is pretty well understood that Harrison is the marionette and Blaine pulls the strings. The accession of the republicans to power stifles any hopes that the labors of the fisheries commission may be ratified."

The *Post* says: "Mr. Cleveland's attitude has been friendly but for electioneering purposes he was ready to flaunt at England. It is impossible, in the circumstances, for England not to feel a small gratification at the failure of these small tactics. England may regard the change of administration with indifference. It would be unfair to lay overmuch stress upon the reckless expressions of Blaine against England. The two countries have lived in harmony under republican rule in America and can again."

### How a Postmaster Resigned.

Tom Arthurs, the postmaster at Appleton, Ont., does not believe in being trifled with even by the Postmaster General of this great Dominion. His salary has been nothing to speak about, and the work out of all proportion to the remuneration. He applied to the department for a rearrangement, demanding either a reduction in the number of mails or an increase of pay. The department promised to give the matter due consideration and to send their reply upon a certain day. The day came and passed, but the promise was not fulfilled. Mr. Arthur did not stand upon ceremony, but packing up everything he had in his possession in the way of Government property in mail bags he shipped the whole lot to the department at Ottawa. The pretty little hamlet of Appleton, with its few hundred citizens, is now without any mail service.

### A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of tubercle germs into the system and when these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

## CITY AND PROVINCE.

—Ice Cream at Steitz's.

—Kurtz's Jubilee Cigars are now ready

—The attendance at the Victoria tonight to see the new opera will likely be very large. The seats were being rapidly taken up this afternoon.

—The police received a telegram from New Westminster on Tuesday requesting them to be on the lookout for a man named Kelly, who nearly killed Mr. Howey in New Westminster on Monday. Kelly is well known here. He garrotted a man on Store street about eight years ago and was recently discharged from the Penitentiary.

—If you wish to insure you life select the Citizens' Insurance Company, as then your widow, however young and inexperienced, is sure to get the money without trouble. Mrs. Blackett, of Comox, whose late lamented husband was insured in the Citizens' for $3000, went to the Bank of British Columbia with the draft and it was paid immediately on presentation at the Company's office at Montreal. A Life Policy in the Citizens' is so much cash money laid by against the death of the bread winner. Victoria office, 56 Langley street.

### POLICE COURT.

(Before City Police Magistrate Richards, Q. C.)

John Hennessy, charged by Officer Lindsay with stealing a pair of red blankets from the store of Isaacs & Hart, said he was drunk for the past ten days.

His Honor—That is no excuse. Everyone committing crimes bring in that excuse.

Mr. Isaacs said the prisoner stole the blankets at noon yesterday.

Supt. Sheppard said the prisoner stole a watch from a commercial traveller in 1881 and was committed for trial. The principal witness did not appear and Hennessy was acquitted. He was one of the hardest men in the city.

His Honor said from what he heard prisoner had a confederate who was in the alley and received the blankets.

He was sentenced to imprisonment for three months.

James Mealy, charged by Officer Lavin with being drunk. Fined $5.

John Sommerville, arrested by Officer Thomas and charged with drunkenness. Fined $5.

M. Jamieson, charged with obtaining board and lodging at the Pacific Telegraph hotel under false pretenses.

Geo. Gill was bound over to keep the peace for six months.

Geo. Christian was charged with damaging property in a barber shop on Cormorant street. Mr. Willis Bond appeared for the defense.

Supt. Sheppard said the defendant went to the public school and asked some children to walk outside the grounds with him.

Prisoner—I will explain that——

Mr. Bond—Now, you keep your mouth shut. I don't want the man to commit himself until the charge is made against him.

His Honor—There is no charge against him for anything but breaking the window.

Ah Lin, deposed that a little boy was in the street and was followed to the barber shop by the prisoner.

Prisoner said he followed a Chinese girl into the house and was struck by the Chinese.

His Honor—This is another case of a girl. You had better be careful or you will be sent to the penitentiary.

Prisoner was fined $1 and $3 costs.

Geo. Hughes was charged with refusing to support his wife. Mr. F. W. Walker appeared for the prosecution and H. McNab Stewart appeared for the defense.

Mr. Walker asked for a remand for one week in order to make a settlement.

His Honor called defendant and told him not to appear again the court. You receive a pension?

Hughes—Yes, sir.

His Honor—Well, you are bound to support your wife and you had better do so.

Hughes was remanded for one week and allowed out on his own recognizance.

Joseph Phœnix, on remand, charged with selling liquor to Indians.

A number of witnesses were called for the defense and the case adjourned for one day.

Phœnix was fined $75 and costs. His Honor said he would have sent the defendant to gaol only that his wife is ill. Phœnix was given 15 days in which to pay the fine.

### Afghanistan Affairs.

Afghanistan affairs still remain in an unsettled condition. The report of the defeat of Ishak and the capture of Tashkurgan is confirmed. At the commencement of the fighting a portion of the Ameer's troops was defeated. Since then news, apparently authentic, has been received of a rising in the vicinity of Ghuzni.

### Sentenced to Death.

Sinequam, a West Coast Indian, charged with the murder of a boy named Moise, was found guilty to-day at the Special Assize Court in Nanaimo and sentenced to death. The murder was committed at Hesquit on July 1st, 1888. Justice Crease presided at the Court and sentenced the prisoner. The execution will take place on Dec. 12th at Nanaimo.

### A Narrow Escape.

At the late capture of Kotkai in the Black Mountain country, N. W. India, General Galbraith had a narrow escape. Three fanatics made a dash at him. One of them was killed by a sepoy, a second was bayonetted by a soldier of the Royal Irish Regiment, and the third was shot by an orderly officer. The enemy showed intense ferocity during the engagement, actually setting fire to one of the wounded soldiers.

### Amateur Opera Performance.

The Victoria Choral held its regular meeting, preceded by a business meeting, last night. It was unanimously agreed that a concert should take place early in December. Selections from Handel's Judas Maccabeus will form the first part. Directly after the concert it was unanimously decided to start an opera, the scores to be obtained at once. The selection of the opera is to be left to the musical director and board of management. About 50 were present last evening, which was good considering it is opera week.

### Steamer Maude.

Thomas Kennedy, second engineer of the steamer Maude, arrived in this city last night on the steamer Yosemite. He says the Maude ran on Irving's reef at 7 o'clock on Tuesday night. She immediately commenced to fill with water and was abandoned by the officers and crew. A boat was sent to Nanaimo and a telegram sent to the C. P. N. office at Victoria. The steamer Yosemite towed a scow to the wreck yesterday morning. The Sardonyx is near the reef and it is expected that the Maude will float off after discharging the cargo of coal.

### Cedar Hill Social.

A social gathering will take place tomorrow, Friday, evening at 8 o'clock in the schoolroom, Cedar Hill. The I. O. O. F. Lodge extends a cordial welcome to all its friends to be present. For the evening's enjoyment an attractive programme has been prepared of vocal and instrumental music, readings, recitations and dialogues. After the programme Cedar Hill hospitality will be proved, a dance following to first rate music. For the convenience of friends from town, busses will leave Bowman's stables, Broad street, at 7:15 sharp, to return after the entertainment. Fare for the round trip 25 cents.

### A Picture.

Hearing police whistles on Cormorant street last evening, our reporter meandered in that direction in search of an item. On reaching a barber shop below Kwong Tai Lung's store he noticed an excited crowd of Chinaman. They were watching a colored man whose head and shoulders protruded through the fragments of a large pane of glass. The individual said he was taking a look around and dropped into the barber shop from curiosity. The Chinamen left the place and locked the man inside. He could find no other means of escape but through the glass door, from which he knocked out a light of glass with his head. He remained in the frame until Officers Hawton and Allan arrived. The officers took the man to the lock-up and preferred a charge of damaging property against him.

### A Royal House Keeper.

Mrs. Henderson, who has been the Queen's house-keeper for twenty-two years, died last week. The vacant appointment is one of the best in the Queen's gift, for there is not only an adequate salary, but excellent appartments in the castle, valuable perquisites and numerous privileges. When royal personages from abroad visit the Queen at Windsor, a handsome present to the house-keeper is a matter of course. The Emperor Nicholas gave the house-keeper at the time of his visit, £1,000, and the Emperor Napoleon gave a pair of splendid diamond bracelets. The late house-keeper had no doubt a harvest of perquisities showered on her during her occupation of the office, especially during the Jubilee year. The late King of the Belgians, the Queen's uncle, was a constant visitor to the Castle and the servants were always glad to see the kind, genial countenance of King Leopold sround, although the perquisites from him were not on so magnificent a scale as from his brothers of Russia and France.

### A Good Arrangement.

Commencing Sunday, the 11th inst., a most convenient train service for the people of Victoria, Vancouver and New Westminster goes into effect, which is as follows: A train will leave New Westminster at 7:40 o'clock, arrive at Vancouver at 9 o'clock, leave Vancouver at 10 o'clock (on arrival of Victoria steamer), arrive at New Westminster at 11:20 o'clock, leave New Westminster for New Westminster Junction at 13 o'clock, getting back at 14.10 o'clock (after having connected with both east and west bound through trains for Vancouver and the east at Westminster Junction). Another train will leave New Westminster at 16 o'clock, arrive at Vancouver at 17:20, leave Vancouver again for New Westminster at 18:30 o'clock, arriving at New Westminster at 20 o'clock. By this time-card, the Victoria people going to New Westminster will be able to take the Vancouver boat, have an hour in Vancouver going, one hour and ten minutes in New Westminster and be able to get back to Victoria, via Vancouver, the same day. New Westminster people going to Victoria have a choice of two trains and can leave home as late as 13 o'clock each day and arrive at Victoria, via Vancouver, the same night.

## OUR TOWN MAJOR.

### Advantages of Modern Civilization and an Enlightened Press.

All the advantages of modern metropolitan life are now being offered to the people of Victoria. We have had Mr. Moody, followed by the great temperance lecturer, who speaks from experience—a chap that can tell a cock-tail from a "John Collins." Truly, we are advancing. In this city we have now no room for the procurers of Chinese girls, the panderers to vice or those that seek to do evil and stir up guile amongst the populace. We are advancing. Put your trust in providence and keep your powder dry.

The City Fathers met last night. We have no more of "railroad bonuses," nor has the proceedings of the Council been, as yet, opened and closed with religious ceremonies. It way come to that before long. The civic body has had an addition of morality and religion lately. Another sign that we are improving.

A wise man cannot answer as many questions as a fool can ask, but a fool can ask more questions than a wise man can answer. What has the "question" fool of the "evening banner" been up to lately?

"Where ignorance is bliss 'tis folly to be wise." The wise man of the faint evening luminary, in a vain endeavor to shine from out of the cimmerean darkness which surrounds that institution, clips an item from the *Medical Press* and informs its readers that the Netherland Government have ordered the adoption of a package of bandges, etc., to be carried by their soldiers in time of war, and the wise man in the depth of his world-wide wisdom, recommends the adoption of the practice by the civilized nations of the universe! Know, O! Solomon! who sits up stairs on the back street, that the practice mentioned has been in use in the British army and other armies for, let's see, how long? Well, since you were a boy and that is a long time ago. Do for goodness sake give us something fresh, and don't make an editorial of it.

While enjoying your evening smoke we'd suggest that in order to give it zest, gentlemen, you had best read THE TIMES and THE TOWN MAJOR.

## "THE YEOMAN OF THE GUARD."

### To be Given To-Night—Bohemian Girl Last Evening.

Another brilliant audience greeted the Abbott Opera Company last evening in their delightful representation of Balfe's charming opera "Bohemian Girl." This is one of the oldest and favorite operas and it was received with such bursts of enthusiasm, that must have been gratifying to every member of the company, to say nothing of the little prima donna's satisfaction in receiving so many encores and curtain calls. Miss Abbott sang with all the ardor and spirit the part calls for and her graceful abandon as the gipsy girl was quite captivating. Never has a ballad been more exquisitely sung than "I dreamt I dwelt in marble halls," which Miss Abbott gave last evening with a depth of feeling that touched every heart present. The artists who assisted Miss Abbott in giving so delightful a representation all appeared in their respective roles in an artistic manner and here favored with many encores. The splendid chorus and orchestra did excellent work and are worthy of a more lengthy criticism. To-night the farewell performance will be Gilbert & Sullivan's new opera "The Yeoman of the Guard" or "The Merry Man and His Maid." This opera created a perfect *furore* in London on its first presentation at the Savoy Theatre, and also in New York and Chicago, where it was recently given. It will be produced to-night by the Abbott Opera Company with all the original stage business, and elegant costumes designed from the original plates; Miss Abbott will have a most charming role that fits her like a glove, and her entire corps of artists will assist her in its production; the orchestration is beautiful and choruses and ensembles simply grand in their melody and rich harmony; it is said to be one of the best, both musically and in the plot of any Gilbert & Sullivan have yet produced and there will be a crowded house to witness its presentation this evening at the Victoria Theatre.

## PERSONAL.

### Items Telling of the Movements of Well Known Persons.

Mrs Glenny Anderson left last night for Ottawa.

Dr. Davie returned from Vancouver last evening on the steamer Yosemite.

Miss Austin was a passenger from Vancouver on last night's steamer.

John Jack and wife arrived last night on the steamer Yosemite.

Chester Glass, of Winnipeg, is at the Driard.

Gideon Robertson, of Vancouver, is in the city.

J E Glover, M J Cunningham and L Baker, of Wisconsin, who are buying timber claims in the province, are at the Driard.

Alex McD Allan, superintendent of the Manufacturers' Life Insurance company, is in the city. Sir John Macdonald is president of the company.

Dr Milne returned from his trip to the eastern parts of the Dominion and the United States last night and is looking unusually well and robust. In respect to matters political he says that in conversation with the most intelligent Republicans in Philadelphia he found that they were all favorable to better trade relations with Canada and all agreed that even if Harrison were elected a revision of the present tariff would have to take place. The American cure for all difficulties between the two countries was the union of the two.

## BAZAAR.

### Concluded Last Night—Names of Prize Winners.

The bazaar in aid of the orphans of St. Ann's closed last night. The attendance was large and a good sum will be returned to the Sisters of St. Ann's for the support of the large number of orphans under their care. A number of raffles took place last night. The prize winners were: Mrs T Deasy, beautiful hand painted table; D McPhee, a splendid hand painted banner and a nice beaded ornament; Mr Hinecke, a carving set; Mr. John Walsh, handsome figure under a glass shade; Frank Sere, blue and white cushion; T. Geiger, dressing case; W. Hall, velvet piano scarf; Miss Beegan, wax fruit under a glass stand; Mr. Waterman, red plush cushion; A. A. Green, Simon the hunter's cabin. Numerous other prizes were won. On Saturday evening a free entertainment will be given at Philharmonic Hall on which occasion the remaining articles will be disposed of including the beautiful embroidered chairs.

### Scene in Court.

At the conclusion of the Phœnix trial this afternoon the defendant addressed a most insulting remark to Provincial Police Officer Millar. As soon as the words passed his lips the officer grabbed Phœnix by the throat and threw him on the floor. He placed the man under arrest, and the officer was asked to apologize for arresting a man in open court. The apology was made and accepted by the magistrate.

## AFTER THE BATTLE.

As the smoke of battle clears away the more evident is the complete rout of the Democrats. The bad impression created by the first dispatch from New York has been confirmed by the later reports.

Hill (for governor) ran far ahead of the ticket and polled more than the Democratic strength, leaving the impression that some kind of combination was made whereby the Republicans traded off support to Hill for votes for Harrison. This was partly expected seeing that the opportunities were exceptionally good in this campaign for that kind of thing. The city of New York, like all the other large cities, gave Cleveland a large majority, but it was swamped by the vote of the smaller cities and the country. No wonder then the republicans say "God made the country." Indiana, though very close, was as might have been expected, for Harrison, a native of the state. In 1884 Indiana was carried for the Democrats by Hendricks, candidate for Vice-President whose death has been a severe loss to the party. California, though also very close, has gone to swell the majority for the Republicans in the electoral college. This was not unexpected. The difference in the total vote cast for either party does not seem to differ greatly from that of the last campaign, but the difference is placed in such a way as to make a complete revolution in the electoral college. The only doubtful states claimed by Cleveland are Connecticut and New Jersey which are small and unimportant compared with the others. West Virginia is supposed to be solid Democratic is said to be in doubt. What has brought about the change is not very clear to an outsider at this writing, though it was most likely general dissatisfaction with the administration. The fact that some of the largest manufacturing centers supported Cleveland does not indicate that his trade policy is wholly responsible. It was said to be a "campaign of intellect," but the great majority no doubt voted against the President because he was a Democrat just like they used to. Besides this, it is well to remember that the Republicans had by far the most money, the best organization and probably the most brains. They were at least united, which is the best sign of intelligence. The effect of the change in Canada will probably be *nil*, though Canadians would prefer to have seen Cleveland elected, because, up till recently at least, they believed him to be a man of independence and high character. The following is an estimate of the result, based upon our reports:

| STATES. | Rep. | Dem. | STATES. | Rep. | Dem. |
|---|---|---|---|---|---|
| Alabama | | 10 | Missouri | | 16 |
| Arkansas | | 7 | Nebraska | 5 | |
| California | 8 | | Nevada | 3 | |
| Colorado | 3 | | New Hampshire | 4 | |
| Connecticut | | 6 | New Jersey | | 9 |
| Delaware | | 3 | New York | 36 | |
| Florida | | 4 | North Carolina | | 11 |
| Georgia | | 12 | Ohio | 23 | |
| Illinois | 22 | | Oregon | 3 | |
| Indiana | 15 | | Pennsylvania | 30 | |
| Iowa | 13 | | Rhode Island | 4 | |
| Kansas | 9 | | South Carolina | | 9 |
| Kentucky | | 13 | Tennessee | | 12 |
| Louisiana | | 8 | Texas | | 13 |
